

**September 19, 2014 ISLN Meeting**  
**Newport Aquarium Conference Room**  
**8:30 A.M. -11: 30 A.M.**  
**(Optional additional Professional Learning 12:30-3:30)**

---

**ISLN:**

**8:30 Welcome & Announcements**—Jenny Ray, PGES Consultant

- **OPGES Pilot Information**—Amy Jacobs, KDE OPGES Consultant
  - Ms. Jacobs has planned an informational, hour-long session about the OPGES Pilot this year. She will also allow time for your questions, afterward, so that your district may have a clearer view of the expectations and learning experiences during this school year.
- **Science and Social Studies**—Hallie Booth & Chris Crouch, Instructional Specialists
  - Hallie and Chris will provide information about the upcoming content networks and will address the questions that your district ISLN contact provided on the electronic ISLN Questionnaire, as well as additional questions you might have specific to the networks.
- **PGES Updates/Information/Q&A**—Jenny Ray, PGES Consultant
  - Jenny will have information about regional networks/sessions, CIITS/EDS updates, FAQs, and will address questions from the group.
- **Group planning for ISLN meetings**
  - Based on your district ISLN point-of-contact's responses to the ISLN Questionnaire, this time will be engineered around planning for upcoming ISLN meetings. Resources for this time will include PGES year-at-a-glance documents, CEP timelines, calendars, network goal, district responses to what is needed from ISLN (anonymity protected).

**11:30 LUNCH on your own**

**Optional Professional Learning:**

**12:30-3:30 (also at Newport Aquarium conference room)**

Specific PGES learning will continue, with a focus around PPGES (as well as TPGES) implementation. Regionally-created resources we will consider/utilize (not available on KDE's website):

- Principal Spreadsheet for Observation & Conferencing Planning
- Principal PGP and SGG planning with sample processes
- TPGES SGG process example with sample student baseline data and end-of-year data
- Assessment resources and rubric development for math and E/LA.
- Sample CEP parts for 'conversation starters'
