

PPGES use of VAL-ED 360° – Basic Information

Summary of VAL-ED 360°

“The VAL-ED is a 360° assessment. It is intended to be taken by the principal, the principal’s supervisor, and all teachers in the school. 360° assessments provide the best feedback to principals because they incorporate the input of all members of the school’s professional community. All respondents respond to the same items about principal leadership behaviors. When the principal receives a report with the results of the assessment, the report allows the principal to compare his or her own ratings on each of the core components/key processes against the ratings given by teachers and supervisors. In this way, the principal can get informative feedback about the leadership behaviors in which he or she is excelling and the behaviors on which more work is needed.”

Purchase of VAL-ED 360°

Districts will purchase a VAL-ED license through Shirley LaFavers at KASA. Each principal using VAL-ED will need an individual license. Each license is good for one full year and includes 2 survey administrations.

Cost of VAL-ED 360°

Each license is \$360.

Additional Training Information

KDE has partnered with KASA to host 4 face-to-face regional trainings:

- Sept 30 in Gilbertsville @ KY Dam Village State Park;
- Oct 1 in Bowling Green @ GRREC;
- Oct 2 in Prestonsburg @ Jenny Wiley State Park; and
- Oct 3 in Lexington @ the KEDC Satellite Office

The event will cover all things Val-Ed including purchasing, administration and use of results. Each event will begin at 12:00 noon local time and will wrap up by 3:00 p.m. local time.

You are able to register through CIITS – Search for “Val-Ed Training for PPGES”
